

Graphic Novel Project

Description:

In a group of 4-6 students, you will write and draw your own version of a fairy tale in the form of a graphic novel. You can create a graphic novel that stays true to the original story, or you can create your own modern version or fractured fairy tale version of the original story.

Requirements:

Your graphic novel should contain at least 250 words and should not be longer than 12 pages. The final version of your graphic novel should be a hard copy that can be easily displayed so that other students can read it.

Production Advice:

You should thoroughly plan each scene in your graphic novel before you write your dialogue. After you have written your dialogue, you will need to get it approved by your teacher before you start drawing your pictures. Always remember that your highest priority in this process is German language production. You want to have good graphics and an entertaining story, but your highest priority is always German language production.

Deutscher Tag:

You will have the opportunity to share your graphic novel with other students at the *Deutscher Tag* on October 9th. Produce a high quality product that you and your group will be proud to share. Bring a hard copy of your graphic novel to the *Deutscher Tag*. You can also look forward to seeing the projects completed by students at other schools.
